

Initial setup instruction (after migration)

1. Register a new user

The 'Register' form is displayed. It contains four input fields: 'Name', 'E-Mail Address', 'Password', and 'Confirm Password'. Below these fields is a blue 'Register' button.

The 'Please fill up your profile below.' form is shown. It includes input fields for 'Name', 'Address', 'Postcode', 'Email', and 'Website'. There is also a file upload section for 'Image' with a 'Choose File' button and the text 'No file chosen'. A blue 'Create Profile' button is at the bottom. A small note at the bottom states: 'Note: If you are registering as a shop, after submitting profile please contact site administrator to enable postings.'

2. Log out.
3. Use DB admin to insert the register user's role as 'admin'.
